## TRAUMA CARE - Crucial 1<sup>st</sup> Steps

emphasizes the critical aspects of caring for the trauma patient in the early hours following traumatic injury. Lectures will be held in a large general session style where conference participants can learn together. Presentations will be directed towards allied health professionals: EMS, RNs, MDs and techs who care for trauma patients at the scene, during transport, at primary receiving hospitals and the trauma center.

We will start the day with a great breakfast, (lunch and snacks will also be provided) and will have many displays from providers of trauma-related items.

At the end of the day, we trust that you will have improved your skills in the management of trauma patients, networked with other trauma care providers from the Southern New England area and had a little fun as well!

## REGISTRATION FEES

Physicians.....\$125.00  
Nurses, Allied Health.....\$75.00
