

GAMMA: TRIGEMINAL

This protocol is used for patients that are receiving gamma knife treatment for brain trigeminal neuralgia.

- **DO NOT ANGLE**
- Be sure to include ALL fiducials in FOV.
- Centering over pons will visualize the trigeminal nerve.

1. LOCALIZER
2. AXIAL T2 FATSAT
3. GADO AXIAL T1 2DFL 1mm
4. GADO AXIAL CISS 1MM
